### MEPS HC-075: 2004 P8R3/P9R1 Population Characteristics

**Release date:** July 2005

This public use data file is the ninth point in time data file to be released from the Medical Expenditure Panel Survey Household Component (MEPS HC). The data are being released both as an ASCII file (with related SAS, SPSS, and STATA programming statements) and in SAS transport format. This public use file provides information on data collected on a nationally representative sample of the civilian non-institutionalized population of the United States during the early part of 2004. This file consists of 2004 data obtained in Round 3 of Panel 8 and Round 1 of Panel 9 of the MEPS Household Component and contains variables pertaining to survey administration, demographics, employment, health status, and health insurance.
